THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Clarksville in the County of Coos in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Clarksville on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
3. To see if the Town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray town charges in anticipation of taxes.
4. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town, through Tax Collector's deeds.
5. To see if the Town will accept State Aid for construction of the class two roads known as the Hollow Road and raise and appropriate or set aside for said purpose the sum of \$769.50 or, will accept State-Aid for construction of class V roads and raise and appropriate or set aside for said purpose the sum of \$184.08.

6. To see if the Town will vote to re-roof Town Shed and if so, raise and appropriate money for same.
7. To see what action the Town will take on the following question: Is it expedient to revise the Constitution?
8. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 22nd day of February in the year of our Lord nineteen hundred and thirty-seven.

GUY W. POND,
GEORGE FORBES,
HAZEN N. YOUNG,

Selectmen of Clarksville.

A True Copy of Warrant, Attest:

Superintendent's Report

To the Superintending School Committee and the
Citizens of the Town of Clarksville:

General

School is democracy's greatest gift to civilization. Throughout the world, among upward struggling people, wherever parents share in the aspirations of their children, schools flourish. But let us not think that an education is acquired only in schools. Education is a part of life—a continuing process.

Children grow up but once. Today's children must start their education in today's schools. Ours is the responsibility of supplying a school that can respond to the needs of the times.

You have locked in your heart your secret hopes and ambitions for our boys and girls. Someday you will find expression for your desires, then the boys and girls, as well as the rest of the community will know your feelings by the support that you give to your own schools.

The next time that you pass a school house pause a moment to think what school means to humanity.

Enrollment and Attendance

The enrollment is at present slightly smaller than last year. The attendance record shows a significant improvement over a year ago. The Grammar Room increased its percentage of attendance from 89.89 to 93.32. There are five tuition pupils, three at Canaan and two at Pittsburg.

Teachers

The teachers this year are: Upper grades, Alma Chappell and Lower grades, Hallie Weir. Both were graduated from Plymouth Normal School and have had considerable previous teaching experience.

Health

The following report will give you some idea of the work that has been carried on by Mrs. Sturgis, the school nurse.

Individual Inspection	404
Home Calls	26
Treatments at School	28
Physical Defects:	
Teeth—13	Corrections—6
Tonsils—6	Corrections—0
Vision—4	Corrections—0
Malnutrition—2	Improved
Impetigo—10	Cured

The value of correcting the physical defects is far more important than many parents realize. It is so much easier when times are hard to assume that the child may outgrow his difficulty or that no harm may come from waiting until times are better than it is to find some way of remedying the evil at once, yet it is during this interval that the defects may increase to such an extent that the child is crippled for life.

To the parents we stress the importance of preventing diseases through immunization. Those who have seen Diphtheria need no urging to have a safe method of prevention given to their own children. Practically all small children who have not been immunized are susceptible to Small Pox and Diphtheria regardless of how strong they are or how good their home conditions are.

During the summer months the state sponsors a Child Welfare and Toxoid Clinic all children are welcome. They receive a physical examination and Diph-

theria immunization free of charge. The Toxoid is given to children from six months to nine years of age.

Buildings and Equipment

The building is in good condition. During the past year the seats and desks were varnished, the floors oiled and the spring cleaned. Several other minor repairs were made about the building.

It would be nice if the old style seats could be replaced, the playground enlarged and the school lot fenced.

Notes on the Budget

The total amount of the School Board's 1937-38 budget is \$5,256.50 as compared with \$5,119.50 for 1936-37. The estimated income is \$656.60. Approval of the budget would therefore require that \$4,600.00 be raised by taxation. That amount being exactly the same as has been raised for the past two years.

Conclusion

I wish it might be possible for everyone to visit the schools at least once during the year, and become acquainted with what the school is trying to do for your children.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers and citizens for the countless courtesies and hearty cooperation during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools.
